EXPRESSMEN ARE OUT FASTED FOR FOUR DAYS

Employees of Pacific Express Company Quit Work.

MORE PAY DEMANDED

Members of the Brotherhood Over the Territory Obey, With Some Exceptions, the Strike Order Sent Out.

Little Rock, Ark., Oct. 16.—A movement to force the Pacific Express company to reorganize the Brotherhood of Railway Express men, and increase wages 15 per cent, which was started by the local brotherhood a month ago, has resulted in a walkout by every employ below the rank of superintendent, route agent and local agent of the company in Arkansas, Louisiana, Missouri, Kansas and Texas. About 300 men were affected in this state. All quit work at 5:30 p. m. Thursday, on receipt of a telegram from St. Louis that the express company refused to recognize the union.

Not a piece of express matter went out of Little Rock Thursday night except on the through runs and those messengers will quit at the end of their runs. It is said that 2000 men are affected in this immediate territory.

Superintendent G. F. Johnson, whose territory includes Arkansas, Louisiana and Indian Territory, issued instructions to all agents not to accept express matter, except subject to delay. He states that the company will be hampered but a couple of days until they can get new men broken in. All who ask for jobs are being given them, but some fifteen new men who had hired as helpers after the strike walked out.

Express matter of all kinds is piling up in the local express office, as that is headquarters for the state.

Mr. Johnson says the company will never recognize the union and the strikers say they will not return to work unless they do.

Walked Out at Dallas.

Dallas, Oct. 16.—Members of the Brotherhood of Expressmen in the employ of the Pacific Express company here walked out on orders from St. Louis. Two men remained at work. Twenty per cent increase in wages is asked.

Shreveport Situation.

Shreveport, La., Oct. 16.—Pacific Express messengers declined to go out on Thursday night's trains. About twenty men are affected at this place.

All Except Two.

San Antonio, Oct. 16.—Of the twenty-seven United States Railway Express Employees' association here all but two obeyed strike orders.

Thirty-Five at Fort Worth.

Fort Worth, Oct. 16.—About thirty-five men walked out here.

One Hundred Quit.

St. Louis, Oct. 16.—About 100 Pacific express messengers quit work here.

CLEVELAND CHEERED.

Former President Addresses Students of Armour Institute.

Chicago, Oct. 16.—Former President Cleveland was received with lusty cheers by the students of Armour institute Thursday. He made a speech which brought forth more applause. One statement he made was especially happy, considering his audience, which is engaged in acquiring what he terms as "industrial education." He said: "I am a great stickler for higher education, but I want to tell you this: The opportunities to-day are greater than ever for boys to get a practical education, and industrial education, and I would rather my own boy grew up to build a great bridge like the Brooklyn bridge than to receive the highest honor the people could bestow upon him. I hate to hear persons talk in a pessimistic strain to the effect that the day of opportunity in this country has gone by, and that the chances for a young man to rise by his own efforts have passed away. It is not true. There is room at the top, and there always will be."

Before visiting the Armour school Mr. Cleveland, accompanied by James S. Eckles, called upon Mrs. Walter Q. Gresham, widow of the secretary of state of the second Cleveland cabinet.

Bixby Not at Washington.

Vinita, I. T., Oct. 16.—Dispatches from Washington to the effect that Tams Bixby, chairman of the Dawes commission, is in Washington or en route there are erroneous. He was in Muskogee Thursday, and has not yet received notice that his presence is required in Washington.

Curtis at Atoka.

Atoka, I. T., Oct. 16.—Hon. Charles Curtis of Topeka, Kan., arrived in Atoka in company with the members of the Dawes commission, and will investigate conditions in this section of the country and recommend to the next congress what the country may stand in need of.

Territory Triplets.

Goodland, I. T., Oct. 16.—Triplets, all boys, were born here. One lived but a few hours.

Monks Shared With Refugees Their Black Bread and Salt.

AMERICAN LADY AIDS

She Dispatched a Sister of Charity and Five Thousand Dollars to Believe the Needs of Unfortunate Outcasts.

London, Oct. 16.—The correspondent of the London Daily Telegraph on the Macedonian frontier has sent his paper a long dispatch of the refugees arriving at Rita monastery after fasting four days and sleeping in the open air with the thermometer at thirty-four degrees, and their gratitude to the monks, who shared with them their bread and black salt, and exhausted all their resources to succor the hungry fugitives. The correspondent adds:

"But this help, despite the sacrifices it imposed on the monks, was but a drop of water in an ocean of fire. Scores of poor people must have perished miserably but for the timely assistance of a beneficent American lady, Mme. Bakhmetieff, formerly Miss Beal of Washington, D. C., wife of the Russian diplomatic agent at Sofia, Bulgari. Without losing a moment the philanthropic lady dispatched \$5000 and a sister of charity to relieve the needs of the innocent outcasts. My companion, Charles Crane of Chicago, likewise gave a considerable contribution for the same purpose. When we were leaving the monastery a couple of days later over 600 refugees lined the avenue in front of the doors and insisted on shaking hands with us."

NOTABLE GATHERING.

Americans, Englishmen and Canadians Meet at Banquet Board.

London, Oct. 16.—The dinner given by the Pilgrim's society to the Alaskan boundary commission at Galridge's hotel proved the most notable assembling of Englishmen, Americans and Canadians ever brought together in London. In addition to the members of the commission the British cabinet ministers, the American ambassador and the most prominent representatives of English public life were present.

Field Marshal Lord Roberts presided. On his right sat American Ambassador Choate and on his left Lord Chief Justice Alverstone. Secretary

EMBASSADOR JOSEPH H. CHOATE.

Elihu Root sat at the same table. Lord Roberts proposed the health of King Edward and President Roosevelt in an united toast, which met with a cordial reception. He then proposed: "The Alaskan boundary commission," to which Lord Alverstone replied, saying that the meeting of the commissioners would stand as a monument of the feeling evinced in America and Great Britain to settle their differences by a commonsense method.

DRAMATIC SCENE.

Son Accuses His Father of Murdering Former's Mother and Grandmother.

Chicago, Oct. 16.—Frank Pavlik created a dramatic scene in Judge Clifford's court by pointing an accusing finger at his father and declaring that the latter was guilty, not only of wife murder, but also that of parricide.

"The murder of my mother is not the first one committed by my father," said the accuser. "In Bohemia, where I was born, he killed his own mother, too. He became enraged at my grandmother and struck her a vicious blow. For three weeks she suffered, and finally died. My father was never punished for that crime."

Attorneys for the defendant told the jury that they would make no denial of the charge that the defendant killed his wife, but would seek to prove him insane.

SHOT HUNTING.

George Duncan of New York Expires in Ten Minutes.

Louisville, Ky., Oct. 16.—A special from Louisville, Ky., says: George Duncan of New York was shot and killed while hunting, and died in ten minutes. Mr. Duncan was a nephew of George B. Edwards, president of the Deposit bank. Duncan and Wesley Perry started out in a buggy to hunt birds. The gun was between them.

FEVER STATUS.

Large Number of Cases Developed at
Laredo Thursday.

Laredo, Tex., Oct. 16.—Thursday, as
for many days past, developed a large
number of cases. Notwithstanding
the large number of cases, the crusade
against the disease is kept well apace
and the doctors are not in the least
discouraged.

The official bulletin of the state
health department is as follows: New
cases, 27; deaths, 1; total cases to
date, 327; total deaths to date, 17.

The yellow fever cases have devel-
oped so rapidly that the physicians
are no longer reporting suspicious
cases.

The advent of the yellow fever and
the consequent depression in business
has thrown out of work hundreds of
Mexicans, who are now in destitute
circumstances.

The physicians are working hard to
stamp out the disease, but are greatly
handicapped in their work by the
prejudice which the poorer class of
Mexicans have against American phy-
sicians. They seem to labor under the
hallucination that they will be
poisoned if they take the medicine of
the physicians, and in many cases
conceal their sick.

The car of oil which was donated
by an oil company of Beaumont has
not yet reached here, and the oil
brigade did absolutely no work be-
cause there is not a gallon of crude
oil to be had in this city. Without oil
the work of exterminating the yellow
fever must come to a halt.

Information from Nuevo Laredo is
very hard to obtain. The latest bul-
letin says there were seven cases and
one death on Tuesday and sixteen
cases and one death on Wednesday.

GIN FATALITY.

Engineer Fell On a Belt and His Head
Struck a Beam.

Bells, Tex., Oct. 16.—B. T. Hart, en-
gineer at Blanton's gin, was accident-
ally killed. While assisting in tight-
ening up some of the machinery, the
wrench slipped, causing him to fall on
a belt, hurling his head against a
wooden beam. His remains were ship-
ped to Shelbyville, Tenn.

Receivers Appointed.

Sherman, Oct. 16.—In the civil sec-
tion of the Fifteenth district court,
Adoue & Lobit of Galveston filed an
application requesting an appointment
of receivers for the plant of the Sher-
man Oil and Cotton company. The
application was granted and Judge
Maxey named as receivers C. A. An-
drews of Sherman and R. L. Heflin of
Galveston.

Lady Lost Her Life.

Sour Lake, Tex., Oct. 16.—The same
air pipe which burst near the plant
of the Spindletop Power company
Wednesday burst again Thursday
with deadly effect, killing Mrs. Nea-
baugh, a German lady, who came with
her husband and children to Sour Lake
from near Marlin, Tex., only a few
days ago.

Appointed Storekeeper.

El Paso, Oct. 16.—E. E. Nolds, for-
merly bond clerk in the custom col-
lector's office, was appointed storekeep-
er of the government bonded ware-
house at the smelter, to succeed John
Fulkerson, resigned. Gordon Roberts,
a mounted inspector, was appointed
bond clerk.

Admitted to Bail.

Columbus, Tex., Oct. 16.—Reinhardt
Hilderbrandt, who has been in jail
since Sunday morning, charged with
the killing of William Wink last Sat-
urday night at Shaw's Bend, ten miles
above here, was admitted to bail in
the sum of \$3000.

Waco, Oct. 16.—The street cars ran

Chicago, Oct. 16.—The series for the
local championship closed Thursday
with another defeat of the Nationals
and without result, each team having
won and lost seven games. Not a hit
was made off either pitcher after the
fourth inning. Score: Americans, 3;
New reans, 0.

HIGHER AGRICULTURE.

What Some of Our Citizens are Doing and What They Can Do.

The highest and most profitable form of agriculture is that which includes some form of manufacture of raw products into commercial articles. F. W. Yeager of Millican is making a start along this line and gave an Eagle man a bottle of tobasco sauce which is as fine as any bottle of this condiment ever bought by him out of a store.

Why may not Mr. Yeager, who grows tobasco pepper and the other articles used in this sauce, go ahead and put up this sauce and put it on the market, realizing the fine profits in this form of manufacture? Why may not others of our farmers do likewise and stop our old system of buying everything of this kind and selling only raw material?

The answer is easy. Our generous soil propuces hundreds of articles better and more abundantly than some other countries that sell them to us at high prices.

We can grow ribbon cane and mature it better than they can in Georgia and other Southern states where great quantities are canned every year and sold. Why may we not do this? The answer is, we can. Some of our farmers are doing this work. A. F. Wilson is preparing to can some syrup on his farm. J. N. Cole is doing likewise. The way is easily open to us to do far better than grow cotton alone. Let us enter upon the higher and better ways.

THE BIG SHOW HERE.

Forepaugh and Sells Bros.' big show did not exhibit at Calvert yesterday, but after feeding there came on to Bryan in the afternoon and began making arrangements for the performances here this afternoon and tonight.

Among the many attractions special attention is called to the following:

Diavolo, the bright scintillating star of a constellation, will positively appear at both performances. Diavolo's performance of looping the loop on a bicycle is pointed to as the greatest circus feature ever seen under a tent.

Among other features attention is called to the performance of the Aurora Zouaves, heralded as the best drilled soldiers in the world.

Then there is Minting, the marvel, who, on a single wheel, ascends and descends a narrow spiral tower that reaches to the top of the tent.

Six members of the famous Gaynell family ride thrilling races in a small cycle whirl.

Starr, the shooting star on an ordinary bicycle dashes down an extension ladder that reaches from the ground to the dome of the canvas.

A gymnastic sensation is promised in the performance of the Ryan-Zorella troupe of aerialists.

Two score of champion riders of all schools of equestrianism will be seen in the rings.

The celebrated LaCarmene will perform feats on a slender wire suspended high in the air that other performers would find difficult on the ground.

The famous Eddy family of seven sensational acrobats are a feature of the show.

There will be every sort of act that a well regulated show should have and many features that no other circus presents.

Notice to Hunters.

Notice is hereby given that I have leased my property know as "Ash Pond" in Burleson county to the "Ash Pond Hunting Club" and same being posted, all persons are warned not to hunt or otherwise trespass on same under penalty of the law. 271 W. S. Mial.

passenger on board. There is no interference with baggage business thus far. Secretary Hill of the union, who is in Chicago, said that the Brotherhood of Railway Trainmen had pledged the strikers assistance and switch freight hands and some conductors will probably go out.

EXPRESS STRIKE.

There Has Been Little Change in the Situation on Friday.

Waco, Oct. 16.—The strike of Pacific Express company employees here delayed the departure of the eastbound Cotton Belt, but a man was finally found to handle some of the express matter. The strikers include messengers, wagon men, etc., but some are non-unionists. Express shipments are accepted only on an agreement to relieve the company from liability in case of delay.

Says They Are Satisfied.

Salt Lake City, Oct. 16.—J. W. Rogers, superintendent of the Pacific Express company, whose district extends from Salt Lake to Portland, stated that there would be no strike on his division. The employees on the Northwestern division, he said, were satisfied with the conditions under which they are working.

Advance Granted.

Omaha, Neb., Oct. 16.—There will be strike of the messengers of the Pacific Express company who run on the Nebraska division of the system. A few days ago the company granted the advance in wages asked by the men and they are all satisfied.

Four-Fifths Out.

Fort Worth, Oct. 16.—Four-fifths of the Pacific Express company's employees here, including twenty messengers and several transfer and wagon men, are out. Non-union men are filling their places in some instances.

Work For Both Companies.

New Orleans, Oct. 16.—In this city the employees of the Pacific and Southern Express companies handle express matter jointly. No strike orders have been received here from Brotherhood officials.

PECULIAR ACCIDENT.

Channel Cover Raised Up and Threw Car From Track.

New York, Oct. 16.—Crowded with passengers, a cross town trolley car in Twenty-third street was wrecked by a peculiar accident. A channel cover had become loosened at Sixth avenue and raised enough to throw the car from the track. It ran some distance and the passengers were hurled about in great confusion. A score were severely cut and bruised. One man almost had his throat cut by a piece of flying glass.

STRIKE SPREADS.

Has Extended to the Wabash System in and Out of Chicago.

Chicago, Oct. 16.—Express service on the Wabash railway entering and leaving Chicago is tied up by the general strike of the employees of the Pacific Express company. The 7:15 train from St. Louis arrived with no express messenger on board.

WERE PACIFIC.

Conferences That Were Held Indicate Probable Solution of Problem.

Yokohama, Oct. 16.—The veteran statesmen's conferences with the cabinet ministers at Tokio, while significant of a crisis, are understood to have been pacific, confirming the prior conferences before the throne June 23, stipulating the integrity of Korea and Chinese retention of Manchuria with a recognition of Russian rights. These conferences indicate that the negotiations are progressing towards a pacific solution of the problem.

Baron de Rosen, minister to Japan, and Baron Komura, the Japanese foreign minister, held their fourth conference Thursday. It lasted four hours. M. Lessar, the Russian minister to China, has informed Prince Ching, head of the foreign office, that if China rejects the demands of the Russian troops will be permanent.

The Russian forces at New Chwang have been reinforced by two battalions.

TAMMANY TABLED.

By One Majority Brooklyn Democratic Club Refused Endorsement.

New York, Oct. 16.—After a bitter debate the Brooklyn Democratic club, which includes among its members leading Brooklynites in the party, tabled by a majority of one a resolution endorsing the Tammany ticket. Controller E. M. Grout, who accepted a place on the ticket after having been nominated by the fusionists, is a member of the club, and the club's action stirred up much excitement in the organization. A strongly worded resolution was adopted urging all citizens to resist the Tammany organization of Brooklyn. Mr. Grout was not present at the meeting.

MEDALS STRUCK.

King and Queen of Italy Visited Mint and Attended a Reception.

Paris, Oct. 16.—King Victor Emanuel and Queen Helena of Italy, escorted by President and Mme. Loubet, visited the mint, where medals in commemoration of their visit were struck off. Subsequently the party proceeded to the Hotel de Ville through dense crowds of people, who loudly acclaimed the Italian king. At the Hotel de Ville a reception was held by the municipality, at which notabilities of commerce, industry and the arts were present. President of the council and prefect of the department of Seine delivered addresses of welcome, to which the king briefly responded.

Kentucky Lynching.

Louisville, Ky., Oct. 16.—An Evening Post special from Wickliffe, Ky., says Tom Hall, a negro, charged with shooting a white boy named Crockett Childress, was taken from jail by 100 men and hanged.

SLEW SEVEN.

Little Plume Said He Had Intended Killing Fourteen More.

Browning, Mont., Oct. 16.—James Little Plume has confessed to the murder of seven people killed Sunday on the Black Foot reservation. This confession was made before United States Commissioner Arnoux. Among the seven killed was the wife of Little Plume. His intention, he said, was to kill fourteen more, but a shell stuck in his rifle, rendering it useless. He then cut a gash in his own throat and arm to allay suspicion.

GOT GOLD DIRT.

Seven Thousand Dollars' Worth Stolen by Two Men.

Seattle, Wash., Oct. 16.—A dispatch to the Post-Intelligencer from Nome says two masked men entered the camp of R. D. Hunter of the Northern Light company on Ophir creek and robbed him of more than \$7000, nearly all of which was in gold dust. The men were both heavily armed. They overlooked over 400 ounces of gold which laid in plain view on a table.

Becoming Desperate.

Paris, Oct. 16.—The situation of the sultan of Morocco is gradually becoming desperate. According to official dispatches received here the minister of war's force have been defeated and dispersed, causing a general demoralization of the imperial forces.

Found Hanging.

Cordell, Ga., Oct. 16.—The body of an unknown negro, bullet riddled, was found hanging to a limb near here.
